The Hebrew calendar is a lunar-solar calendar and can have as many as 13 months in one year. If a 13th month is to be added in any particular year is dependent on the state of the barley crop. If at the end of the 12th month the barley is found in the Abib stage, then the next new moon begins the first day of the first month of the new year. If the barley is not Abib, then a 13th month is added and the following month becomes the first month of the new Biblical year. This calendar system is self-correcting to keep on track with the solar year. <http://www.biblicalastronomy.com/05May.htm>

Herod Philip I was the son of Herod the Great and his third wife [Mariamne II](#). He was the first husband of [Herodias](#) after 6AD and their child was [Salome](#). Later, Herodias became romantically involved with Herod Antipas and it was this proposed marriage that John the Baptist opposed (Matt. 14:3-5). Leviticus 18:16 says it is unlawful for a man to see his brother's wife naked, which meant that John was right and the match was illegal under Mosaic law. The Gospel of Matthew indicates that John was executed because he criticized this marriage (Matt.14:3-12).

Lunar Eclipse Possibilities for execution of Rabbis

Luke 2:1 And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed.
 2:2 ([And] this taxing was first made when Cyrenius [Quirinus] was governor of Syria.)
 2:3 And all went to be taxed, every one into his own city.
 2:4 And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David:)
 2:5 To be taxed with Mary his espoused wife, being great with child.

Known Facts regarding Y'shua's Birth:

1. Herod's death occurred *after* he executed the male children of Bethlehem.
2. Herod ordered the death of all male children "two years and under according to the time that he diligently inquired of the wise men (Chaldean astronomers)." (Matt. 2:16)
3. The 'signs in the heavens' occurred 1 to 2 years before the executions.
4. Y'shua was born 1 to 2 years before Herod's death.

History regarding Herod's reign about the time of Y'shua's Birth:

1. Herod had two rabbis burned alive on the night of a lunar eclipse.
2. Herod became ill and traveled from Jericho to the hot baths at the Dead Sea.
3. He returned to Jericho, growing increasingly ill.
4. Herod received a letter from Augustus, giving him the choice to exile or execute his son Antipater; Herod had him executed.
5. Herod changed his will, giving Judea to his son Archelaus.
6. Five days after having Antipater executed, Herod died.
7. Archelaus held a lavish funeral and mourned Herod's death for seven days.
8. Archelaus prompted a feared revolt by slaughtering 3,000 Pharisees on the Temple Mount and then he cancelled Passover.
9. Archelaus was called to Rome to answer for his rash actions.
10. General Varus was called out of Seria to quash the resultant rebellion in Judea 1 B.C.E.

Romans 11:25 For I would not, brethren, that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; that **blindness in part is happened to Israel, until the fullness of the Gentiles be come in.**

<http://bible.cc/luke/2-2.htm>
 Lk. 2:2 *This taxing was first made, etc.* This statement has caused some difficulty. Luke seems to affirm that the enrollment took place the year Jesus was born, but while Cyrenius was governor of Syria. Now Cyrenius was governor of Syria from A.D. 6 to A.D. 11 There are two ways of settling the apparent difficulty: (1) Augustus Caesar, incensed at Herod, ordered an enrollment for taxation of the Jews the year of the birth of Jesus. It was carried out in all probability by Cyrenius. The intercession of Herod's minister, Nicolas, averted the displeasure of Augustus and the taxation did not take place until Cyrenius was governor of Syria, after Archelaus, son of Herod, was deposed. These facts we learn from Josephus, and they remove the apparent discrepancy. But (2) A. W. Zumpt, of Berlin, followed by Alford and Schaff, make it highly probable that Cyrenius was governor of Syria twice, the first time from B.C. 4 to B.C. 1 I have not space for the argument which seems conclusive. But in B.C. 4 [3?] Jesus was born. Ancient writers, Christians as well as pagan opposers state that Jesus was born while Cyrenius was governor of Syria.

**“Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean; and I will receive you,

2 Corinthians 6:17, 18**

Days of the Month http://therefinersfire.org/days_months2.htm

Did you know that the names of our months and week days have their roots in paganism? If numbering the days was good enough for God, why did we change them? Why, if we wanted to name them, were they named in honor of pagan deities? Perhaps because "All of us like sheep have gone astray, each of us has turned to his own way; but the LORD has caused the iniquity of us all to fall on Him." (Isaiah 53:6)

The Hebrew calendar is a lunar-solar calendar and can have as many as 13 months in one year. If a 13th month is to be added in any particular year is dependent on the state of the barely crops. If at the end of the 12th month the barley is found in the Abib stage, then the next new moon begins the first day of the first month of the new year. If the barley is not Abib, then a 13th month is added and the following month becomes the first month of the new Biblical year. This calendar system is self- correcting to keep on track with the solar year. <http://www.biblicalastronomy.com/05May.htm>

Months:

JANUARY:

Named for Janus, the Roman mighty one of portals and patron of beginnings and endings, to whom this month was sacred. He is shown as having two faces, one in front, the other at the back of his head, supposedly to symbolize his powers.

FEBRUARY:

This name is derived from Februa, a Roman festival of purification. It was originally the month of expiation.

MARCH:

It is named for Mars, the Roman mighty one of war.

APRIL:

This name comes from the Latin APRILIS, indicating a time of Fertility. It was believed that this month is the month when the earth was supposed to open up for the plants to grow.

MAY:

This month was named for Maia, the Roman female deity of growth or increase.

JUNE:

This name is sometimes attributed to June, the female mighty one of the marriage, the wife of Jupiter in Roman mythology. She was also called the "Queen of heaven" and "Queen of mighty ones." The name of this month is also attributed to Junius Brutus, but originally it most probably referred to the month in which crops grow to ripeness.

JULY:

Named for the Roman emperor Julius Caesar, this is the seventh month of the Gregorian year.

AUGUST:

Named for Octavius Augustus Caesar, emperor of Rome; the name was originally from augure, which means, "to increase."

SEPTEMBER:

This name is derived from the Latin septem, meaning "seven."

OCTOBER

This name comes from the Latin root octo, meaning "eight."

NOVEMBER:

This name is derived from Latin novem, meaning "ninth."

DECEMBER:

This name is derived from the Latin decem, meaning "ten."

The Bible says we should not use pagan deity names!

Exodus 23:13: and in all things that I have said to you take heed: and make no mention of other elohim, neither let it be heard out of your mouth.

Psalms 16:4: their sorrows shall be multiplied that give gifts to idols: Their drink-offerings of blood will I not offer, nor take their names upon my lips.

2 Cor. 6:15-17 And what concord hath Christ with Belial? or what part hath he that believeth with an infidel? And what agreement hath the temple of God with idols? . . .

Wherefore come out from among them, and be ye separate, saith the Lord, and touch not the unclean thing; and I will receive you,

Segment 5 – Adar-Bet and Passover

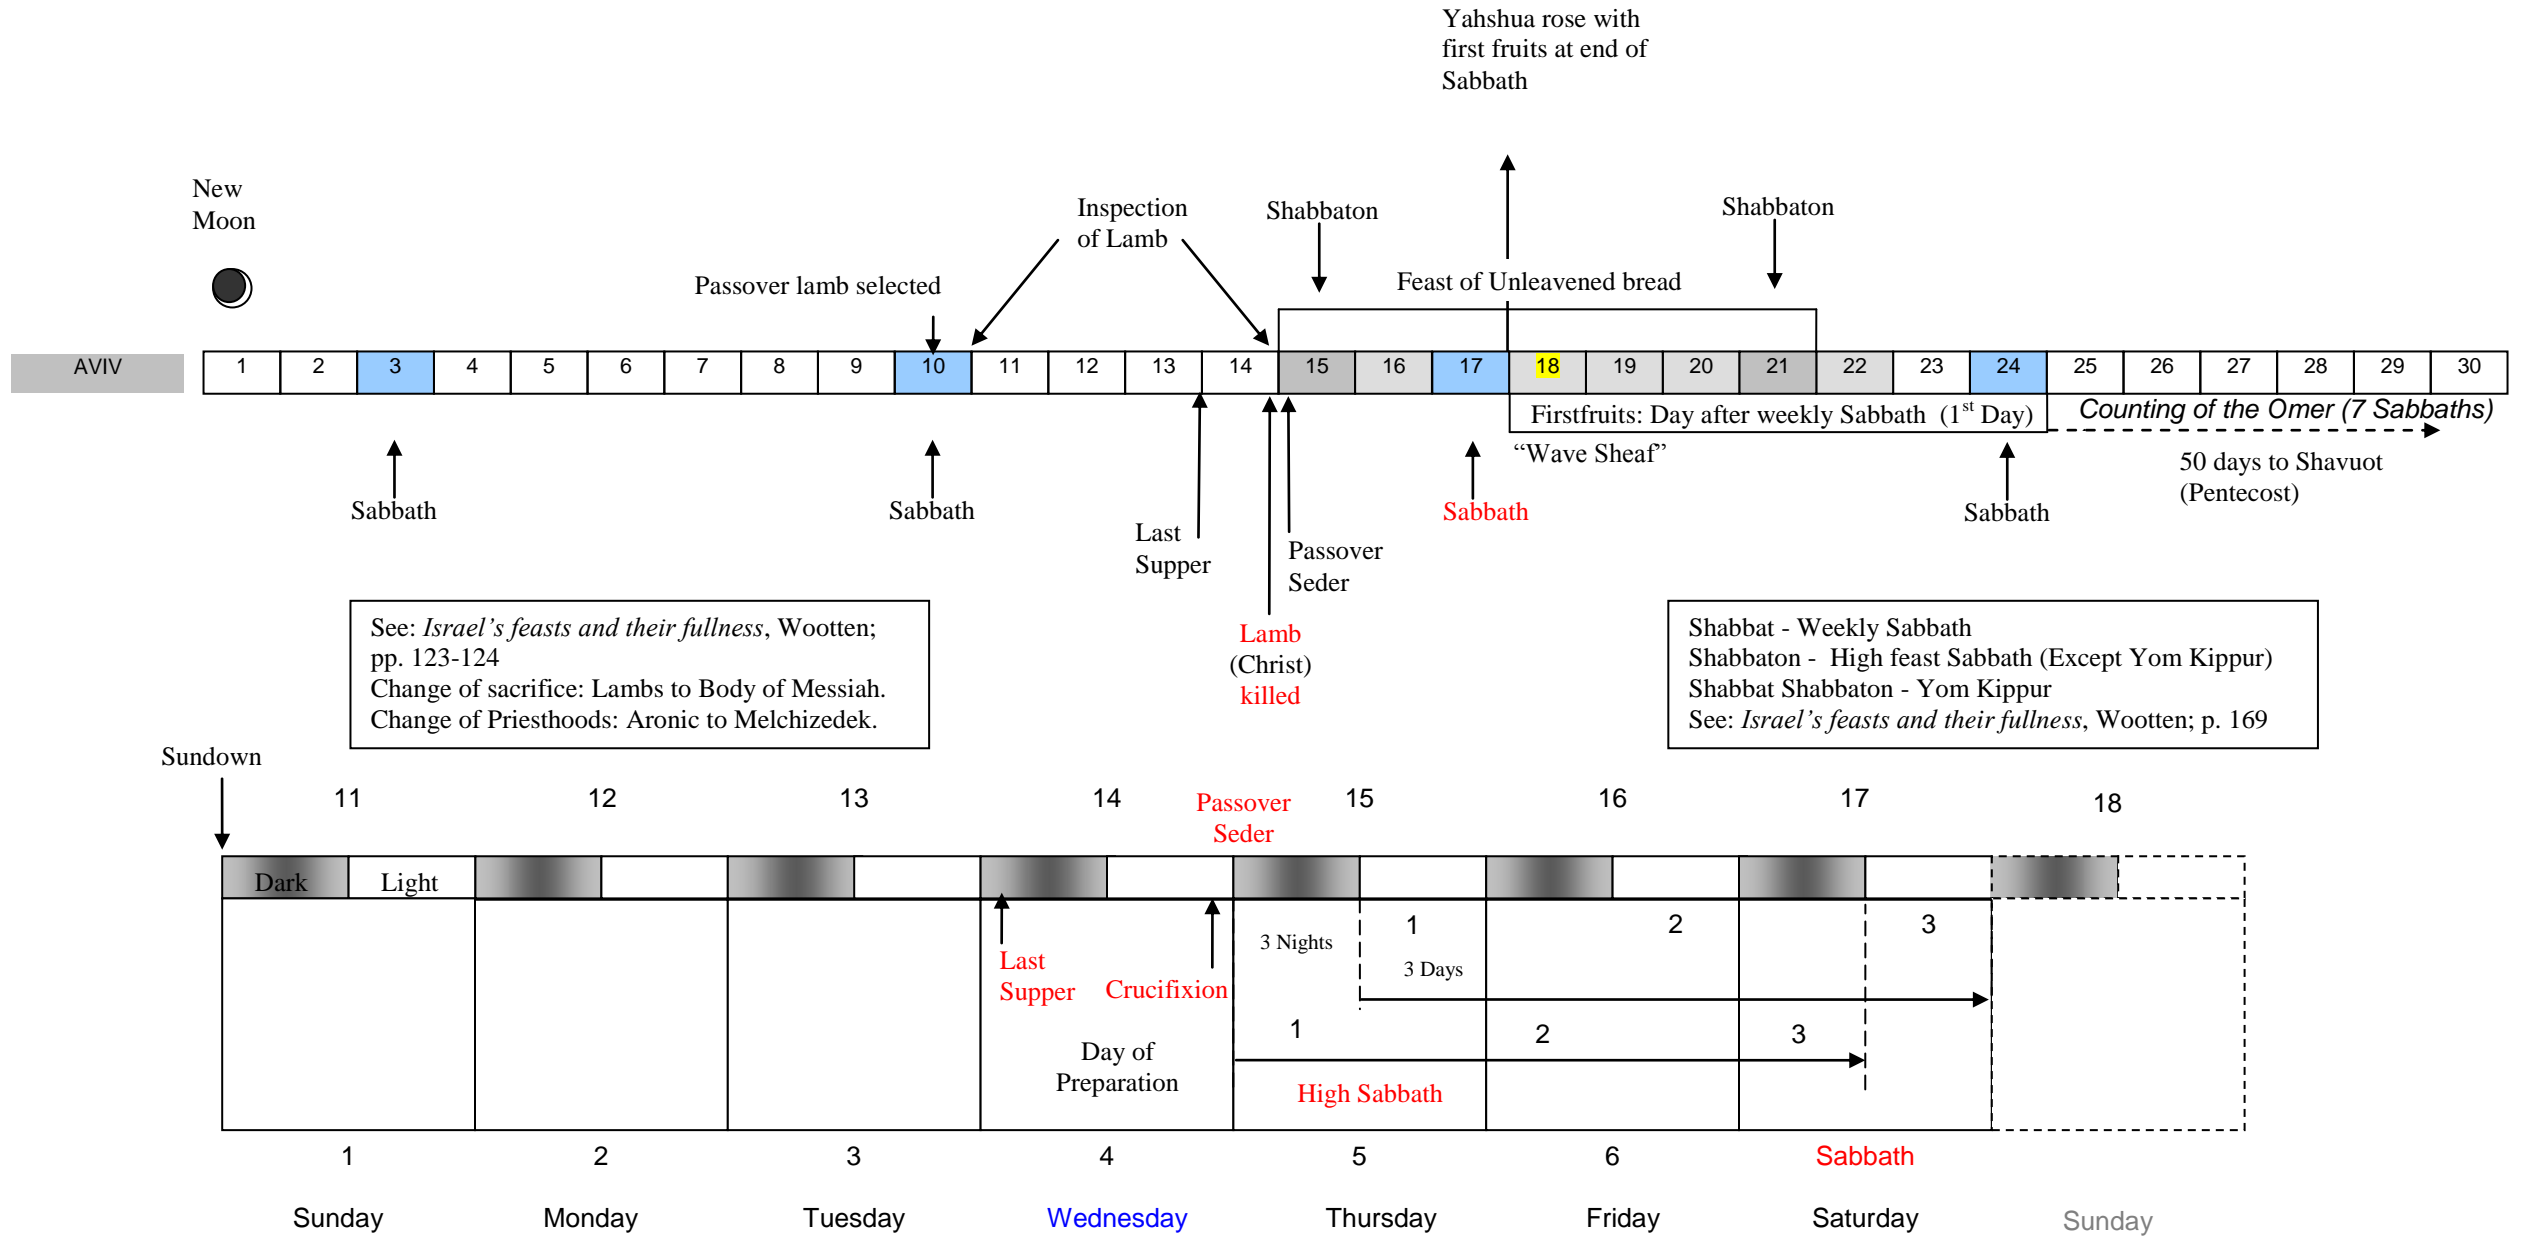

70th Passover Week

To believe the words of Messiah regarding a literal 3 days and 3 nights of being in the "heart of the earth" is now considered heresy by many Christians and ministers.
Jonah 1:17; Matt. 12:40

Three Days and Three Nights

Hebrew Month of AVIV:

Questions to be asked:
 Was Jesus resurrected at the "end of the Sabbath" on what we call Saturday night, or did he resurrect sometime in the dark between 12:00 midnight and before the women arrived at the tomb? Matt. 28:1

What would be the implications if the Messiah resurrected in the dark portion of what we call Saturday, night before midnight?
 The Bible simply tells us when the women arrived at the tomb only to find it already empty.

This would completely eliminate the argument promoting the non-biblical Sunday-Sabbath significance.
